9M2025

Another buoyant quarter for NMDC Group, took its 9M25 revenues up 11% Y-o-Y to reach AED20.5 billion, as the company continues to execute its backlog across its different verticals; namely NMDC Energy and NMDC D&M. The growth in revenues was driven primarily by NMDC energy; with its revenues increasing 33% Y-o-Y in 9M25. Additionally, 80% of the Group's revenues was generated from the UAE and 20% from outside the UAE.

Group EBITDA climbed 29% Y-o-Y to AED3.8 billion with an EBITDA margin of 18.7%; a testament of the Group's strong operational resilience and enhanced efficiency. The increase in EBITDA and EBITDA margin, was driven primarily by NMDC D&M, with its EBITDA representing two thirds of the Group's EBITDA, and its EBITDA margin reaching 34% in 9M25.

Underpinned by NMDC D&M's profitability, the Group reported a net profit after tax of AED2.8 billion, up 26% Y-o-Y; and with a net profit margin of 13.5% in 9M25, up from 11.8% in the same period of last year.

- Free cash flow came at AED(1.2) billion in 9M25, mirroring negative change in net working capital and capex spending.
- Capex spending stood at AED976 million in 9M25, mainly on the back of advance payment for the purchase of a CSD dredger for D&M, NMDC Energy's KSA yard and UAE yards upgrade, together with maintenance capex and additions of equipment including barges, pipelines, and technical equipment.
- Net working capital came at AED4.3 billion by the end of September 2025, as the increase in trade receivables, retention receivables and advance payments to suppliers out-weighted the increase in trade payables, job accruals and advance payments from clients.

Key Awarded Projects

Expansion into the Philippines Market - USD 610.1 million contract

NMDC Group signed a USD 610.1 million contract with Pasay Harbor City Corporation for dredging and reclamation works in Manila Bay — the Group's first project in the Philippines.

The 30-month project covers approximately 130 hectares of island reclamation as part of the Harbor City development in Pasay City. This milestone strengthens NMDC Group's presence in Southeast Asia, following successful projects in Taiwan, Vietnam, and Malaysia.

Project Award in Oman

In line with the Group's Strategy that focuses on geographical diversification, NMDC Group has signed a contract for the construction of a marina project in the Sultanate of Oman, with a total value of AED 383 million. The project is expected to be completed within 15 months from the date of signing.

Strategic Collaboration with ADNOC L&S

NMDC Group signed a three-year agreement with ADNOC Logistics & Services to collaborate on offshore maritime services and logistics in Abu Dhabi. The partnership strengthens long-standing ties between the two entities, aiming to enhance efficiency and value creation in the emirate's offshore energy sector through integrated EPC and marine solutions.

Taipower Project Award

In January 2025, NMDC Energy has been awarded a contract by Taiwan Power Company (Taipower) for the installation of subsea gas pipelines, for the second-phase renewal project of the Tung-Hsiao Power Plant in Taiwan. NMDC Energy will be responsible for the design, construction, and installation of marine pipelines at depths ranging from 10 to 55 meters, extending between Taichung and Tung-Hsiao on Taiwan's west coast. This massive project, valued at \$1.136 billion, enhances NMDC Energy's presence in Taiwan and actively supports its contributions to renewable energy initiatives.

Business Development

First steel cut ceremony- Ras Al Khair Fabrication Yard in KSA

In July, NMDC Energy officially commenced fabrication activities at its newly developed yard in Ras Al-Khair, Saudi Arabia — a major milestone in its regional expansion. The first steel cut at the 400,000 sqm facility marks the start of operations, reinforcing the company's commitment to supporting Saudi Arabia's industrial growth and energy ambitions. Featuring advanced automation and digital systems, the yard provides fabrication, rigging, maintenance, and modularization services for complex energy infrastructure. It supports both offshore and onshore projects with an annual production capacity of 40,000 tons.

NMDC LTS Completes the Acquisition of 70% Stake in Emdad

NMDC LTS, completed the acquisition of a 70% equity stake in Emdad, a UAE-based integrated oilfield services provider. The transaction supports NMDC's strategy to expand into the OPEX-driven oilfield services segment and diversify its revenue streams. Emdad offers a broad range of services including well intervention, waste management, shutdowns/turnarounds, coil tubing, and valve services. The acquisition enhances NMDC's competitive edge, strengthens its position in the regional energy services market, and aligns with its long-term growth and diversification strategy.

NMDC Group to establish a new Company "NMDCCC" in partnership with CCC

NMDC Group and Consolidated Contractors Operations (Cyprus) Limited "CCC" have agreed to combine their capabilities and signed Heads of Agreement to establish a new company 'NMDCCC' or "the Company" to operate within the UAE, with branches in Dubai and outside the UAE. Under this agreement NMDC Group will hold indirectly through NMDC INFRA 50%(+1 share) of the Company, while CCC will hold the remaining 50%(-one share), with NMDC Group reserving control and consolidation of the new Company. Additionally, under this agreement both entities have agreed to pursue together other business ventures outside the UAE, through Joint Operations (JOs) arrangements, with particular focus on Africa.

A 3-year extension for the Long-Term Agreement with Aramco

NMDC Energy continues to strengthen its long-lasting relationship with Aramco, with a 3-year extension to its Long-Term Agreement ("LTA") and an option for an additional 3 years. NMDC Energy has been involved in multiple projects with Aramco since their previous LTA was signed in 2016. The services provided by NMDC Energy under the LTA cover detailed engineering, material procurement, fabrication, transportation, installation, and pre-commissioning of offshore facilities in connection with projects to be executed within Saudi Arabian territorial waters.
